

I would like to comment on your proposal to give LPFM stations priority over FM translator stations. I understand this action may result in losing the local (Omaha, NE) K-LOVE translator station and other K-LOVE translator stations across the nation. Please do not let this happen. My family and I listen to K-LOVE daily and I listen to other K-LOVE stations when I travel. K-LOVE provides a safe listening environment for my children and everyone in the communities served by the stations.
